

3800 N. Grant Ave.
Loveland, CO 80538

Payment Options

Someone from the business office staff will contact you before your procedure to verify insurance and billing information. Should you be responsible for any part of your bill, you will be notified at this time. The bill you receive from Loveland Surgery Center is only for the facility fee. You will receive separate bills to cover items such as anesthesia and surgeon professional fees.

When you arrive at Loveland Surgery Center, please make sure you have your medical insurance card and photo identification ready when you check in. If your insurance provider requires a deposit or co-pay, you will need to make that at this time and we will bill your insurance company for the balance. Loveland Surgery Center accepts cash, checks, MasterCard and Visa and Care Credit as payment.
