

## Important Things to Know about the Loveland Surgery Center's Convalescent Center

Should you need overnight or convalescent care after your surgery, the Loveland Surgery Center Convalescent Center is here and ready for you. We understand spending the night can be distressing and may cause an inconvenience for you or your family. Trust that our goal is to provide you with the best possible care and comfort measures. We know we are not at home, but we promise to do our best to help you feel as though you are.

You will find that we provide excellent amenities:

- Large, clean and comfortable rooms.
- Fresh, tasty and nutritious meals.
- Lattes, Cappuccinos, flavored coffees and tea.
- Television for your viewing enjoyment, including cable and VCR/DVD.
- Radios are available for those that prefer music.
- General toiletries are provided.
- Bedside telephones with direct dial-in. (The nurses can also connect a call from the nurses' station line at 970.292.0268)

You are encouraged to bring items that may add comfort to your overnight stay:

- Movies
- Books
- Music
- Electronic games or other small personal items.

Visiting hours are 7:00 a.m. – 8:00 p.m. Meals

Parents of pediatric patients are allowed to stay the night.

- There are absolutely **no** other overnight guests accommodated, as this makes patient care difficult and may, in fact, interfere with safety procedures.

Meals are not provided for visitors. Drinks and snacks are available in the waiting room.

Family members are encouraged to rest comfortably at home to be ready for your discharge, which is expected to be around 9 am.

We have a list of comfortable hotels in the area for family members traveling longer distances.

Bring all your routine medications in their original prescription bottles.

- Our nurses will administer your pain medication and other medications as prescribed by your physician.

This is a non-smoking facility. Smoking cessation products are available for our patients.
